The rules for the use of the roll-off program are the following:

Prohibited Uses:

- commercial dumping
- dumping of car bodies and machineries
- dumping yard waste
- dumping on the ground
- hot loads, ashes, or burnt material
- white goods (refrigerators, water heaters, stoves, etc.)
- dumping of animal carcasses
- dumping septic tank waste
- landscape waste

In order to keep the roll-off program useful and available please do the following:

- dry wrap garbage
- if container is full take waste to other container site or to sanitary landfill
- take large or unusual loads to the sanitary landfill
- condense rubbish, flatten boxes
- use recycling drop-off sites and centers for recyclables (aluminum, plastics, newspaper, glass, etc.)

If any abuse is seen the Health Department should be immediately notified. When containers are full it is requested that Veolia at 345-7414 or 345-7404 be contacted.

If you have any further questions concerning the Supplemental Refuse Pickup Program please feel free to contact us at the Health Department, (217) 348-0530.

**Positively No Dumping On The Ground
Or When The Container Is Absent**
